

3.5	Policing priority was agreed to be Anti-Social driving (including parking). Clarification of the policing priority was provided on a residents request. In that it was an area for the police to focus on but that there were no specific guidelines on times etc. Sergeant Berriff advised the residents to take photos and record the registration numbers of vehicles and pass them onto the police force where they would be followed up.

Specifically on St Georges Road and the Junction of Willowdale and Topliss Way and Boulevard Rise.</p> <p>Councillor Truswell came back with this speedy response: There has not yet been a delay to adoption as this normally takes place twelve months after the completion of the road surfacing which has only just been completed.</p> <p>The build outs were removed from the plans due to the fatality on Sharp Lane, but because St Georges Road is a bus route road humps are not suitable, but road cushions are proposed to be put in at given locations instead. This has been discussed with developers in 2012, but the attendees at the meeting may not have been involved. LCC are liaising with the developers and will inform Councillor Truswell when an installation date has been agreed. Once the cushions are installed a provisional certificate of adoption will be issued even though the tree planting will not have been completed. It is usual for adoption to be recommended once the trees have been maintained for 12 months after planting. However, it has been suggested that with Councillors agreement, subject to developers agreeing to maintain the trees for twelve months, and if the scheme is defect free, that it be moved on for final adoption.</p> <p>St Georges Road remains un adopted and will continue to do so until the required tree planting is in place. Residents were advised that we are now out of tree planting. This will commence in October of this year.</p> <p>Residents suggested speed signs and advised that the painted roundabout on St Georges Road is not being adhered to by all drivers resulting in some near misses.</p>	<p><b>Paul Truswell and Developers and Highways</b></p>

Inclusive of private property and communal areas. Developers advised that we were currently out of tree planting season.</p>	<p><b>Developers</b></p>
